CLERK'S OFFICE

Dear Mr. Shoemaker:

On March 31, 2009, a sanitary survey of the above referenced system was conducted by the South Carolina Department of Health and Environmental Control (Department) personnel to determine compliance with the State Primary Drinking Water Regulations. An overall rating of **NEEDS IMPROVEMENT** has been given for this survey. Following are comments and/or recommendations on items noted during the inspection. These items should be addressed immediately to help ensure that the water system is able to provide a continuous supply of safe drinking water to the customers/consumer. The headings and item numbers listed on the following page(s) correspond with the headings and item numbers listed on the enclosed Public Water System Sanitary Survey Report.

**[REMEMBER TO DISINFECT THE WELL AND SYSTEM AFTER ANY REPAIRS/UPGRADES ARE MADE TO THE WELL, STORAGE TANK, OR PIPING].**

Please respond to this office, in writing, by June 1, 2009, outlining your intentions to correct the noted deficiencies. Please retain a copy of this report for a period of not less than ten years; it should be available to the Department and/or the public upon request. If you have any questions, please contact me at the Region 1-Anderson EQC Office, (864) 260-5569.

Sincerely,

Ina Richards
